

Webex Meetings and Teams Setup on a Personal Device

Cisco Webex Meetings desktop app

The Webex Meetings desktop app allows you to start and join meetings quickly and easily. You can start and join meetings from desktop app or click a button to schedule a meeting from your calendar application. Starting with version 39.10, the Webex Meetings desktop app no longer includes integrations with Microsoft Outlook, Microsoft Office, or other applications. When you install the latest version of the Webex Meetings desktop app, any previous versions of those integrations will be uninstalled. To install those integrations, download Cisco Webex Productivity Tools.

Cisco Webex Meetings mobile app

Download the free Cisco Webex Meetings mobile app to meet anywhere from your smartphone or tablet.

- Go to <https://tri-c.webex.com/webappng/sites/tri-c/dashboard/download> and download the Webex Meetings app
 - For a smartphone or tablet, install the app from your device store (App Store or Google Play)
- Activate your College Webex account at <https://portal2.tri-c.edu/WebEx>
 - You only need to take this step if you have never scheduled a Webex Meeting before
- Launch the app and then enter your Tri-C email address
- When you click to continue, you should be taken to the Tri-C Login Center (CAS; looks different than Teams)
- Enter your S # and your network password and you should be connected to the College's Webex Meetings environment

Download Webex

[Download for Windows \(64 bit\)](#)

Also available here:

- Go to <https://www.webex.com/downloads.html> and download the Webex app
 - For a smartphone or tablet, install the app from your device store (App Store or Google Play)
- Webex Teams does not require activation
- Launch the app and then enter your Tri-C email address
- When you click to continue, you should be taken to the Tri-C Login Center (ADFS; looks different than Meetings)
- Enter your S # and your network password and you should be connected to the College's Webex Teams environment
